

# KUNG-YI SU

CIERA ◊ Northwestern University  
1800 Sherman Avenue, 8th Floor ◊ Evanston, IL 60201  
(515) · 817 · 3019 ◊ kungyisu@gmail.com ◊ <http://www.kungyisu.com>

## EDUCATION

---

<b>California Institute of Technology (Caltech), Pasadena</b> Ph.D. in physics Advisor: Prof. Philip F. Hopkins	<i>June 2019</i>
<b>National Taiwan University (NTU), Taipei</b> B.S. in physics Advisor: Prof. Pisin Chen	<i>June 2010</i>

## EMPLOYMENT

---

<b>CIERA, Northwestern University</b> <i>Research Assistant Professor</i>	<i>September 2025 – Northwestern University</i>
<b>Black Hole Initiative, Harvard University</b> <i>BHI Fellow</i>	<i>September 2022 - August 2025 Harvard University</i>
<b>Department of Astronomy, Columbia University</b> <i>Postdoctoral Fellow</i>	<i>August 2020 - August 2022 Columbia University</i>
<b>Center for Computational Astrophysics, Flatiron Institute</b> <i>Flatiron Fellow</i>	<i>August 2019 - August 2020 Simons Foundation</i>
<b>Department of Physics, Caltech</b> <i>Teaching Assistant/Graduate Research Assistant</i>	<i>September 2011 - August 2019 Caltech</i>
<b>LeCosPA</b> <i>Undergraduate Researcher</i>	<i>December 2008 - July 2010 NTU</i>

## LEADERSHIP EXPERIENCE

---

- Co-leader – SMAUG Black Hole Working Group (Summer 2020 - Fall 2021)
- SOC member – New England FOLIAGE 2024: FIRE mOdeLing And Galaxy Evolution workshop (Nov. 2024)
- LOC member – Bridging Scale Workshop (May 2024)
- Co-organizer – Writing Workshop (May 2017)

## AWARDS

---

- FIRE Award for Distinguished Service and Leadership (2024)
- Burke Graduate Fellowship (Fall 2018 - Spring 2019)
- Groce travel funding (Dec. 2018)
- NTU President Award (2006); Dean Award (2010)
- LeCosPA Outstanding Student Research Award (2009)

## STUDENT MENTORING/CO-MENTORING

---

- **Nadia Qutob** – Undergraduate – Georgia Institute of Technology & Harvard REU Program  
(Currently a graduate student at OSU)
  - Nadia studied the signatures of different AGN jet models on ion distributions and published a first-author paper on arXiv, which was accepted by ApJ.
- **Manami Roy** – Graduate – Raman Research Institute & CCA Predoctoral Fellow  
(Currently a CCAPP Fellow at OSU)
  - Manami studied the effect of satellites on the host CGM and published a first-author paper in MNRAS in 2023, another first-author paper on arXiv submitted to ApJ, and has a third in preparation.
- **Marguerite Adrienne Epstein-Martin** – Graduate – Columbia University
  - Marguerite studied the propagation of AGN feedback from stellar-mass black holes in supermassive black hole accretion disk environments.
- **Elizabeth Marie Mone** – Graduate – Northwestern University
  - Elizabeth studies the energy balance in the inner CGM and how it affects inner CGM virialization.

## COMPUTING AWARDS

---

PI – Frontera Pathway AST22010 2022-2025	34.1M CPU-hours (608,350 SUs)	“A Systematic Study of How AGN Feedback Regulates the Black Hole Accretion in Early Protogalaxies”
PI – XSEDE XRAC/ACCESS Maximize TG-PHY220047 2022-2025	80.75M CPU-hours value ~ \$744,930	“A Systematic Study of AGN Jet and Black Hole Accretion in Massive Galaxies”
PI – XSEDE Startup/ACCESS Explore TG-PHY220027 2022-2025	650k CPU-hours	“AGN feedback across multiple scales”

## SERVICE

---

- Referee: MNRAS (2018–), ApJL (2022–), ApJ (2023–), A&A (2023–), Galaxies (2025–), Universe (2025–)
- Chambliss poster judge, AAS (233, 235, 240, 245)
- Session Chair, AAS (245)

## OUTREACH

---

- Forum for undergraduate/master students at ASIAA in Taiwan – “Studying galaxy evolution as an international student at Caltech” – Speaker (Dec. 2018)
- Stargazing and Lecture Series – Telescope volunteer (May 2016; Aug. 2016)
- NTU Physics Camp (for high school students) – Co-organizer (2007, 2008)

## TEACHING EXPERIENCE

---

<b>Ph 2</b>	Wave, Quantum and Statistical Mechanics (Non-physics majors)
<b>Ph 12</b>	Wave, Quantum and Statistical Mechanics (Physics majors)
<b>Ph 106c</b>	Topics in Classical Physics: Electromagnetism and Introduction to Classical Optics
<b>Ph 125</b>	Quantum Mechanics
<b>Ph 136c</b>	Applications of Classical Physics: General Relativity
<b>Ph 199</b>	Frontiers of Fundamental Physics

## COLLABORATIONS

---

FIRE, SMAUG, LtU

## SKILLS

---

Python, IDL, C, MPI

## PUBLICATIONS

---

NASA ADS (total:42 - refereed:38 - 1st author:14 - citations:2777 - h-index:24 - 2025-10-26)

### First Author

## RECENT PRESENTATIONS

---

### Conferences

Ringberg Conference: The Multiscale Environment of AGN across Cosmic Time ( <b>Invited</b> )	Nov. 2025
245th Meeting of the AAS	Jan. 2025
New England FOLIAGE 2024 ( <b>SOC</b> )	Nov. 2024
Ringberg Conference: Computational Galaxy Formation 2024 ( <b>Invited</b> )	Oct. 2024
10th Galaxy Evolution Workshop ( <b>Invited</b> )	Aug. 2024
7th ICM Theory & Computation Workshop ( <b>Invited</b> )	June 2024
Aspen Workshop – Cosmic Ray Feedback in Galaxies and Galaxy Clusters ( <b>Invited</b> )	May 2024
Bridging Scale Workshop ( <b>LOC</b> )	May 2024
243rd Meeting of the AAS	Jan. 2024
International Conference on Resolving Galaxy Ecosystems Across All Scales	Dec. 2023
Black Hole on Broadway	Dec. 2023
CR Workshop in Lyon ( <b>Invited</b> )	Nov. 2023
Signatures of AGN Feedback: The Post-SOFIA Era ( <b>Invited</b> )	Oct. 2022
240th Meeting of the AAS	June 2022
2022 Intermediate-Mass Black Holes	April 2022
2020 Aspen Galaxy Quenching Conference	Feb. 2020
235th Meeting of the AAS	Jan. 2020
2019 Santa Cruz Galaxy Workshop	Aug. 2019
Big Apple Magnetic Fields 2019	Jan. 2019
233rd Meeting of the AAS	Jan. 2019
Galaxy Formation & Evolution in Southern California 2018 (GalFRESCA18)	Aug. 2018
2018 Santa Cruz Galaxy Workshop	Aug. 2018
SnowCluster 2018	Mar. 2018
Third LeCosPA International Symposium ( <b>Invited</b> )	Dec. 2017

Swinburne-Caltech Science Workshop 3 (SCTW3)	Sep. 2017
Galaxy Formation & Evolution in Southern California 2017 (GalFRESCA17)	Aug. 2017
Modeling and Observing DEnse STellar Systems 2017 (MODEST-16)	Sep. 2016
Theoretical Astrophysics in Southern California 2015 (TASC2015)	Nov. 2015

## Seminars

ASIAA	Special Seminar ( <b>Invited</b> )	Dec. 2024
ASIAA	Colloquium ( <b>Invited</b> )	Dec. 2023
UConn	Special Seminar ( <b>Invited</b> )	Oct. 2023
OSU	CCAPP Seminar	Nov. 2022
CCA	Lunch Talk	Apr. 2021
Columbia	Pizza Lunch	Oct. 2020
CCA	Lunch Talk	Oct. 2019
ASIAA	Lunch Talk ( <b>Invited</b> )	Dec. 2018
UT Austin	Theory Seminar	Dec. 2018
U Chicago	Prof. Kravtsov and Gnedin Group Meeting	Nov. 2018
UIUC	Astrophysics, Gravitation, and Cosmology Seminar	Oct. 2018
Northwestern	CIERA Theory Group Meeting	Oct. 2018
UCSB	Lunch Talks	Oct. 2018
UCSD	Journal Club Talks	Oct. 2018
UCSC	FLASH seminar	Oct. 2018
Stanford	Cosmology Seminar	Oct. 2018
Princeton	SFIR: Star Formation/ISM Rendezvous	Apr. 2018
Princeton	Galread	Apr. 2018
MIT	Brown Bag Lunch Series	Apr. 2018
Harvard	Hernquist Group Meeting	Mar. 2018
Harvard	Galaxy & Cosmology Seminars	Mar. 2018
Columbia	Thursday Seminar	Mar. 2018
CCA	Internal Talks	Mar. 2018
